

Introducing LiquidTech's WatchOut! - The First Ever Hand Sanitizing Spray Dispenser Worn Like a Wristwatch!

LiquidTech's WatchOut! is the first device available for dispensing hand sanitizer that is worn on the wrist, similar to a watch. This ensures one will always have a supply of hand sanitizer that can be readily dispensed directly from their wrist at a moment's notice. This patented product is available in adult and children sizes!

VIBRANT COLORS

Stay safe while expressing a fashion statement that best suites you. Our current offering of six color choices works well with casual or formal wear.

Soft silica gel watch band

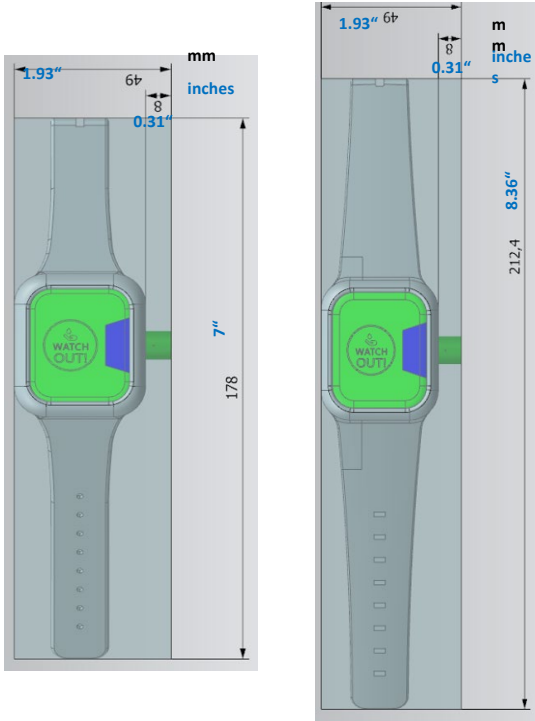

PETG refillable cartridge, volume 0.85 oz. (25 ml)
