WARNING TO USER

1. Jets Reusable Earplugs must be fitted and worn correctly to provide effective protection.
2. Reusable earplugs may deteriorate with use and should be examined for cracking or other deformations and replaced as necessary.
3. Wash or clean hands before use. Plugs should be routinely washed with mild soap and warm water.
4. CAUTION: Remove with a slow twisting motion to break the seal. Due to the tight seal, rapid removal may damage eardrum.
5. Use this laboratory-derived attenuation data for comparison purposes only. The amount of protection afforded in field use often is significantly lower depending on how the protectors are fitted and worn.
6. Failure to follow all instructions could result in hearing loss or injury.
7. Failure to obtain a proper fit will reduce effectiveness of hearing protectors and could result in hearing loss or injury.
8. Jetz must only be used as part of a hearing conservation program that complies with applicable local safety and health regulations.
9. Overprotection can be dangerous. The wearer must be able to hear warning signals.
10. Wearers with hearing loss should exercise extreme caution.
11. It is the employer's responsibility to ensure that the type of hearing protector and its NRR is appropriate for the user in their particular workplace.
12. Use caution when working around machinery or any other equipment to ensure neck cord does not become caught or entangled.
13. Failure to follow these warnings could result in serious injury or death.
